

# Mrs. Edmunds

Mrs. Edmunds is new to Toledo this year. Before coming to Toledo, she and her family lived on a 73 acre Christmas tree farm in a tiny town in Clackamas County. Mrs. Edmunds worked in a public library for 20 years and is excited about sharing library skills and the love of reading with students. She is also thrilled to be able to share her love of Spanish with students this year. She and her family are delighted to be living so close to the coast because they love exploring on the beach.

## Favorite Things

- Baking yummy things
- Photography
- Reading any time she can
- Traveling
- Learning languages and about other cultures.

## Favorite Quote

“To err is human. To really foul things up requires a computer.”
